

**IEEE China Summit and International Conference on  
Signal and Information Processing (ChinaSIP)**  
IEEE 信號與信息處理 中國峰會暨國際會議

Meet and Network with Global Leaders  
Enhance Visibility and Impact of R&D Efforts  
Learn Paths to Get Involved with the Global Community  
Demystify the Processes to Become IEEE Editors and Fellows

**IEEE**

IEEE

Signal Processing Society

**Important Dates**

2013. 2. 8. Regular paper submissions due  
2013. 2. 28. Journal poster requests & invited papers

**ChinaSIP – An Annual Gathering of Academia and Industry on**

- Signal/Information Processing Theory and Methods 信號與信息處理之理論及方法
- Speech, Language, and Audio 語言、語言和音頻信號處理
- Image, Video, and Multimedia 圖像、視頻和多媒體信號處理
- Signal Processing for Communications and Networking 通信及網絡信號處理
- Signal Sensing, Radar, Sonar, and Sensor Networks 信號傳感、雷達、聲納及傳感器網絡
- SIP Hardware/Software Designs and Systems 信號與信息處理之硬件軟件設計和系統
- Information Forensics and Security 信息鑄造及安全
- Pattern Recognition and Machine Learning 模式識別及機器學習
- Signal/Info Processing for Bioinformatics & Bio/Medicine 生物信息學及生物醫學之信號與信息處理

We especially welcome Signal Processing colleagues outside of China to attend and meet Chinese counterparts doing leading work in their fields.
