

IEEE China Summit and International Conference on Signal and Information Processing (ChinaSIP)

Meet and Network with Global Leaders and Chinese Colleagues
Broaden the Visibility and Impact of R&D Effort
Contribute to the Outreach in China and Asia
Foster International Collaborations

www.chinasip2013.org

Important Dates

2013. 2. 8. Regular paper submissions due
2013. 2. 28. Journal poster requests & invited papers

ChinaSIP – An Annual Gathering of Academia and Industry on

- Signal/Information Processing Theory and Methods
- Speech, Language, and Audio
- Image, Video, and Multimedia
- Signal Processing for Communications and Networking
- Signal Sensing, Radar, Sonar, and Sensor Networks
- SIP Hardware/Software Designs and Systems
- Information Forensics and Security
- Pattern Recognition and Machine Learning
- *Signal/Info Processing for Bioinformatics & Bio/Medicine*

Special invitation for
professionals outside
China to attend and meet
Chinese colleagues in
areas of common interests
